## L1 PENETRATING OIL BREAKS THROUGH RUST

Powerful penetrating formula for versatile applications in cars, workshops, households. Quick and effective, deeply penetrates corroded surfaces and dissolves metal oxides. Facilitates disassembly of corroded joints, bolts, nuts, locks, etc. Characterized by a low VOC emission. Safe on painted surfaces. Durable anti-corrosion protection (absorbs water).

PRODUCT CODE: GUL1-12EU

EAN CODE: 5905722158297

VOLUME: 380 ml

## L2 LUBRICATING OIL MAXIMUM LUBRICITY AND PROTECTION

## L6 WHITE LITHIUM GREASE WATER-PROOF WHITE LITHIUM GREASE

Lubricating oil, stops squeaks and reduces friction metal-metal, metal-rubber and metal-plastic joints. In addition, the product lubricates and eases rusted joints and protects against rust and corrosion. Displaces water from electrical wiring components (spark plugs, distributors, battery and cable terminals, wires). Useful in starting engines affected by moisture. Forms a layer that protects rubber components against hardening at low temperatures. Makes rubber components flexible.

Water-proof white lithium grease. Reduces friction in metal-metal, metal-rubber and metal-plastic joints. Deeply penetrates joints. Product is sprayed on as a liquid and sets up on surfaces as a grease. Does not melt, run, wash out or freeze. Protects surfaces against corrosion. Designed for wide application in motor vehicles: hinges, locks, limiters, stops, cables, coupling rods, brake pipes, drive shafts, battery terminals, aeriels, wiper mechanisms. At home: door and window guides, hinges, garden machinery and tools.

**PRODUCT CODE:** GUL2-12EU  
**EAN CODE:** 5905722158303

**VOLUME:** 380 ml

**PRODUCT CODE:** GUL6-16EU  
**EAN CODE:** 5905722158310

**VOLUME:** 380 ml

## L7 CHAIN & CABLE LUBE ALL-PURPOSE CHAIN LUBE

All purpose chain lube, designed to lubricate all types of chains and wire cables. Reduces their wear, noise, prevents oxidation. Contains synthetic additives that extend the useful life and improve performance of chains. Perfectly adheres to surfaces, reducing friction. Can be safely applied both on standard and O-ring chains. Designed for wide range of applications: at home, in motor vehicles, agricultural machinery, sports equipment.

**PRODUCT CODE:** GUL7-11EU  
**EAN CODE:** 5905722158327

**VOLUME:** 380 ml

## M9 SILICONE SPRAY SILICONE LUBRICANT

All-purpose silicone lubricant. Strongly adheres to the lubricated surface. Characterized by resistance to low temperatures and great tensile strength. Has excellent dielectric properties. Stops squeaks and creaks, lubricates and protects rubber components. Displaces moisture, makes rubber components flexible at low temperatures. Forms a water-proof layer on the surface and protects it against rust and corrosion. Suitable for application on rubber, wooden, plastic and metallic surfaces.

**PRODUCT CODE:** GUM9-14EU  
**EAN CODE:** 5905722158341

**VOLUME:** 380 ml

## CARB MEDIC CARBURETOR CHOKE & VALVE CLEANER

Cleans moving parts of the carburetor and choke. Does not damage catalytic converter or lambda probe. Cleans carburetor without removal. Does not require any special tools or equipments.

PRODUCT CODE: GUM48-14EU  
EAN CODE: 5905722158334

VOLUME: 380 ml

## ELECTRONIC CLEANER FAST DRYING AND SAFE ON MOST PLASTICS

An all-purpose formula designed to clean contacts and components in electrical assemblies and systems. Improves conductivity of electrical contacts, improves engine start, ensures correct functioning of electrical wiring. Removes grease, dirt, oils, resins, sediments and other deposits from spark plugs and other electrical devices. Application: all types of metallic contacts, relays, fuse contacts, telephone accessories, magnetic heads, potentiometer repair, switches, selectors, sockets, plugs.

PRODUCT CODE: GUNM-6EU  
EAN CODE: 5905722157597

VOLUME: 400 ml

## BRAKE PARTS CLEANER NON-CHLORINATED

An all-purpose formula designed to clean degrease and preserve metallic components of the braking system and other metallic surfaces. The preparation can be used to clean disc and drum brakes and to remove contaminants from tools, clutches and all types of metallic surfaces. Quickly and efficiently removes brake dust, oils, fats, sediments, chips, stains and contaminants accumulated during operation. Neutral for metallic surfaces. Does not contain harmful halogenated solvents.

PRODUCT CODE: GUM7-15EU  
EAN CODE: 5905722157610

VOLUME: 400 ml

## CARPET AND UPHOLSTERY CLEANER DEEP CLEAN

An excellent upholstery cleaning foam. Contains a mixture of surfactants and active polymers. Penetrates the fabric and effectively removes the toughest dirt, greasy and dried-up stains and from all types of upholstery, roof lining and carpets. Safe on surfaces, prevents their colour fading. Leaves no residue, has a pleasant scent.

PRODUCT CODE: GUTCU22EU  
EAN CODE: 5905722157603

VOLUME: 400 ml

## AUTOBODY UNDERCOATING PAINTTABLE

Product is designed to protect the chassis and vehicle sills against rust and corrosion. When applied to the surface of the chassis or the underbody, The product creates a durable elastic layer that reduces noise, protects against stone impact and abrasion, and fills in chips and cracks.

PRODUCT CODE: GUT16-16EU  
EAN CODE: 5905722156804

VOLUME: 600 ml

## DPF CLEANER EFFECTIVELY REGENERATES

Product for regeneration and cleaning of the DPF / FAB diesel particulate filter without the need to disassemble it. Effectively removes soot and ash deposits. The product evaporates after use, leaving no traces. Use of the product restores full efficiency of the diesel particulate filter in the event of a power drop or failure caused by filter contamination. Improves engine operation and extends filter life. Non-flammable product.

PRODUCT CODE: GUDPF06EU  
EAN CODE: 5905722156781

VOLUME: 600 ml

## TIRE SHINE EXTREME BLACK

A formula designed to make tires and external plastic components shine. Restores the deep and shiny black colour of tires. Protects tires against colour fading, cracking, adverse effects of UV rays and de-icing salt. Forms a layer protecting against penetration by dirt. On plastic components, it conceals light scratches, makes their surface darker and future cleaning significantly easier.

PRODUCT CODE: GUTS17EU  
EAN CODE: 5905722172460

VOLUME: 400 ml

## TIRE AND WHEEL CLEANER HEAVY DUTY

Product is designed specifically to be car tough and will break through persistent, built up dirt, brake dust and road grime on your wheels and tires. The foaming spray works to lift the dirt from the surface and penetrates through brake dust. Formula is safe for most types of tires, wheels, rims and hubcaps. Test wheel and hubcap with small amount of product.

PRODUCT CODE: GUTFWC22EU  
EAN CODE: 5905722156798

VOLUME: 600 ml

## ENGINE CLEANER & DEGREASER MULTI-SURFACE

Product is designed to safely clean & degrease every surface of your engine. This formula is built to tackle the toughest dirt, grease and oil the road can throw at it. The product is safe on all metals and plastics under the hood. A clean engine will run cooler, last longer and hold its value better over its lifetime.

PRODUCT CODE: GUEBT32EU  
EAN CODE: 5905722156774

VOLUME: 750 ml

Blumenthal Brands Integrated (BBI) is an American manufacturer of automotive chemicals designed for with serious automotive enthusiasts and vehicle maintenance professionals. The company has operated in the American market since 1924. The BBI portfolio of products includes brands GUNK® and LIQUID WRENCH® and has expanded over the years with the growth of the automotive industry. Each new technical solution invented in the automotive industry drew a response: a specialist formula designed to repair, preserve or improve performance of the new component. The most recent achievements in vehicle repair technology, support or improve traditional methods, and often provide equally effective and significantly more affordable alternatives.

ONDO (a private limited liability company) has been the exclusive representative of BBI on the Polish market for more than 20 years, offering Liquid Wrench and GUNK branded products.
